Dear Sir/Madam:

**Subject: Application for Frontend Developer**

I am writing to express my interest in the Frontend Developer position at DG GROUP. I recently completed my Bachelor's degree in Information Technology at Build Bright University

I began my career with a three-month internship and was promoted to a full-time Web Developer after demonstrating strong technical ability, responsibility, and teamwork. In my current role, I develop responsive and user-friendly web applications using HTML, CSS (SCSS), JavaScript (ES6+), TypeScript, Vue.js, as well as UI frameworks such as Tailwind CSS, PrimeVue, and PrimeFlex. I also collaborate with backend teams and integrate RESTful APIs to build dynamic applications.

I have experience working with Vue.js and strong understanding of frontend fundamentals, including component-based architecture, performance optimization, and responsive design. I am a flexible, reliable, and self-motivated team player who enjoys learning new technologies and contributing to clean, user-friendly web interfaces .

Thank you very much for considering my application. I would be much appreciated if you could provide me with an interview opportunity to discuss about my qualifications for this employment opportunity.

Yours sincerely,

Ms. Lom Leuy
